

NETWORKING news

August 2019

Keeping you up to date with all that is going on with The Business Referral Network and it's members.

MEMBER AWARDS & RECOGNITION

Congratulation to Lisa Eccles from Elitenet Electrical and Brian Stock from West & Coe, who both undertook rather long charity walks in July to raise money for their selected charities.

Lisa and her lovely group of 100 ladies at Team Indee 2019 walked 29 miles on Saturday 6th July around the local Essex Towns, raising money for the Indee Rose Trust on the occasion of Indee's birthday! - creating many precious smiles for the brave children diagnosed with brain tumours.

Excellent stuff.

Brian also dug out his walking boots and managed to trek an incredible 100K in 24 hours, taking part in the Ultra Peak District Challenge as part of "Team SAIF Warriors" a group of independent funeral directors on a mission to raise money for Breast Cancer Care and their SAIF charity. A big well done and congratulations from all of us at BRN!

How to Save a Life - Thursday 1st August With Sam Crudginton from Total Safe

August's Training sees the team at Total Safe deliver an Advanced Life Support Awareness Session, helping all of us to understand more what we can do in life threatening situations and practices we can actively use to assist in these types of critical situations. This is an open training sessions and we encourage all members to invite their contacts and business associates to come and take part in the activities and take away some great learning.

MEMBERS 10 MINUTE PRESENTATIONS

Every week, one of our members delights us with a 10-minute presentation so we all get to know them and their business better. From fantastic storytellers to props and (often unintended) innuendos, this is one of the ways in which the BRN meeting gets us off to a great day every Thursday.

Here are our 10-minute presenters for this month: August 2019.

August 8th - Sam Crudginton from Total Safe, Fire Protection.

August 15th - Dave Mustoe from 1st Cool Ltd.
Air Conditioning & Refrigeration Service

August 22nd - Khooshi Singh from SmartPA - , Personal Assistant Services

August 29th - Kevin Unwin from KK Mobile Tyre Service,
Mobile Tyre Service.

New Members

The past few months have seen BRN take on a handful of new members, to come and join the community, for the purpose of passing referral work and helping to grow each other businesses! Most of us have got to know the new members already, but if not now is a great time to book in a 1-2-1 to get to understand more about each other's businesses.

KEVIN UNWIN

KK Mobile Tyre Service
